## How This Book Can Benefit You

This book is designed to be a very practical one. It is intended for men and women whose pressing need is for money, and who are seeking to claim the riches life has in store for them.

It is for those men and women who want immediate results and who are willing to put into application the simple down-to-earth techniques outlined in detail in this book. Within the following pages, you will find specific details and illustrations on the techniques to apply for getting riches as your natural way of life.

You can subscribe to the fundamental laws of the mind as explained in this book just as you would accept statements regarding laws and principles of electricity or

mathematics as promulgated by an Edison, or an Einstein, and by applying them, get equally definite and certain results.

In writing this book, I have concentrated on plainness and simplicity of style, so that even a youngster twelve years of age could understand and apply the techniques outlined herein.

All of the case histories presented in this book are of men and women who became rich by using the mental and spiritual laws described in it, and, to my personal knowledge, these people belong to all religious denominations. Moreover, they come from every income bracket and from every social level. All of these people have amassed wealth by thinking in a certain way, and by using the power of their subconscious mind in the right way.

The following are just some of the highlights of this book:

- How a salesman advanced from \$5,000 to \$50,000 annual income within a year.
- How numerous people make use of a magic formula for paying bills with marvelous results.
- How a businessman in Los Angeles applied a million dollar formula, then moved from a “hole in the wall” to control a chain of stores worth many millions.
- How a carpenter doing odd jobs became a skyscraper builder and amassed a vast fortune.
- How a man who was broke, applied these specific three steps to riches, and then advanced by leaps and bounds along all lines.

- The fascinating and thrilling story of how a wealthy miner conveyed the idea of riches to his son, who is now a famous surgeon, and the fact that his story supplies the key to riches.
- How Mr Tyng applied the age old teachings of Truth and formed a multimillion dollar corporation. He took the formula for riches from the Bible and proved that it works.
- How poets, writers, artists, scientists, and businessmen draw riches from the treasure house of infinity within themselves.
- How a boy ten years of age constantly receives gifts of money wherever he goes.
- How to become rich in the knowledge of mental and spiritual laws, realizing that all

the tangible good things of life thereafter will be added to you.

It is not possible for you to lead a full and happy life unless you are rich! There is a logical, scientific approach in becoming rich, and if you wish to reap the fruits of a rich, happy, and successful life, you should study this book over and over again. Do exactly as it tells you to do, and you will open the way for yourself in grander, finer, happier, richer, and nobler living.

From this page onward, we shall venture together toward the riches of life here and now.

## Chapter 1: The Treasure House of Infinity

The Bible says: *I am come that they might have life, and that they might have it more abundantly* (John 10:10).

You are here to lead a full and happy life, to glorify God and enjoy Him forever. All the spiritual, mental, and material riches of the universe are the gifts of God, good in themselves and capable of good use.

God is the giver and the gift; man is the receiver. God dwells in man, and this means that the treasure house of infinite riches is within you and all around you. By learning the laws of mind, you can extract from that infinite storehouse within you everything you need in order to live life gloriously, joyously, and abundantly.

## Your Right to Be Rich

You were born to be rich. You grow rich by the use of your God given faculties, by tuning in with the infinite, and as your mind becomes productive and full of good ideas, your labor will become more productive and will bring you all kinds of material riches.

It is your feeling of oneness with God in your heart that makes you rich, and you are rich according to your mental attitude and faith in all things good. All of the riches of the Infinite—within and without—are yours to enjoy.

There is no virtue whatsoever in poverty, which in actual fact is a mental disease, and it should be abolished from the face of the earth. You are here to find your true

place in life, and to give of your talents to the world. You are here to expand and unfold in a wonderful way, according to a God given potential, and to bring forth spiritual, mental, and material riches which will bless humanity in countless ways. Learn how to surround yourself always with beauty and luxury, and realize your inalienable right to life, liberty, freedom, and peace of mind.

It is your Divine right to dramatize, reveal, portray, and express the power, elegance, and riches of the Infinite One.

### [The Science of Getting Rich](#)

This is a universe of law and order, and there are principles and laws by which all of our experiences, conditions, and events take place. There is a definite law of cause

and effect in everything. The science of getting rich is based on the law of belief. *If thou canst believe, all things are possible to him that believeth* (Mark 9:23). The law of life is the law of belief. To believe is to sincerely accept something as true...believe in the abundant life, the happy life, the successful life, and live in the joyous expectancy of the best, and invariably the best will come to you. It is the belief of man that makes the difference between wealth and poverty, between success and failures, and between health and sickness. It is a cosmic law that like thoughts always produce like effects; therefore, any man who boldly claims the riches of the Infinite will receive them.

[You Were Born to Be Rich](#)

You were born with all the equipment necessary to lead a full, happy, and successful life. You were born to win, to conquer, to rise above all obstacles, and to demonstrate the glories and beauties within you. All the powers, qualities, attributes, and aspects of God are within you. Your life is God's life, and that life is your life now. God is always successful in whatever He undertakes, whether it is a tree or a cosmos. You are one with the Infinite, and you can't fail.

You are not here to earn a mere living. Life is a gift to you. You are here to express life and to give of your hidden talents and abilities through your mind, body, and soul. Your desires for health, abundance, happiness, peace, and true place in life represent the urges, promptings, and

intimations of Infinite Life seeking expression through you. Desire to make the most of yourself!

### [A Businessman's Three Steps to Riches](#)

A business friend of mine in Beverly Hills said to me in his store, "My brother is in the same business as I am, just three blocks away, and he is prospering and rolling in wealth. Recently, he hired two additional salesclerks. Yet, I can't make ends meet. It is not the environment or the merchandise; it must be me!"

I commented that getting rich and advancing in life is not a matter of a certain business or a certain location, that riches are of the mind of man, and that some men of great talent remain poverty-stricken and frustrated, while others who have very little

talent or education prosper beyond their fondest dreams. I told him about three steps to unfailing riches.

He followed these three steps and progressed remarkably:

**First Step:** Never make a negative statement about finances, such as, "I can't pay the rent," "I can't make ends meet," "Business is very bad," "I can't pay my bills," and so on. As soon as the negative thought, "I can't..." comes to mind, affirm instead: "I am one with the Infinite storehouse within me, and all my needs are met instantaneously." it may be necessary to do this fifty times in one hour, but persist and the negative thought will cease to trouble you.
